

WATER PARK GUIDE

WELCOME AND INTRODUCTION

INTRODUCTION

We're thrilled you've chosen to spend your day at Six Flags! Our goal is to make your visit fun and memorable. Our *Water Park Guide* includes important information that will assist Guests with planning their visit to the park and enjoy its various attractions, services and amenities. In this guide Guests will find specific information for general policies and guidelines, water park amenities and services, and Guests with disabilities.

We hope that this guide will help Guests make the best choices to ensure a safe, comfortable and convenient experience at our Water Park. If, at any time, Guests need additional assistance or a further explanation of our policies and guidelines, please feel free to ask the Water Safety Staff.

Our goal is to safely and efficiently accommodate the needs of all Guests, including those with special needs. We are certain that the information from this guide, along with the availability of our Water Safety Staff to answer any questions and offer assistance, will allow Guests to have a thrilling day at our parks. We hope you have a Six Flags Day!

GENERAL WARNING

We are committed to providing you a safe environment during your visit to Six Flags. While there are inherent risks to participating in any Water Park attraction, our goal is to ensure your safety with the incorporation of some restrictions. For your safety, you should be in good health to ride. Only you know your physical conditions or limitations.

Do not ride if you know or suspect you may be pregnant, have high blood pressure, recent surgery or illness, heart conditions, neck, back or bone ailments, under the influence of drugs or alcohol, or any other medical condition that may be affected by the dynamic features of the ride.

If you suspect your health could be at risk for any reason, or you could aggravate a pre-existing condition of any kind, **DO NOT RIDE**. The specific features, rider requirements and health restrictions of ride are located in this guide. In order to ride, Guests must be able to meet the attraction requirements, and maintain the proper riding position.

Guests with casts, braces or walking boots may be restricted from riding certain attractions where the cast or brace may keep you from maintaining the proper riding posture, or present a hazard to the Guest or others. If in doubt about your ability to safely experience an attraction, please refer to the *Rider Requirement Sign* at the attraction entrance. You may also consult with the Water Safety Staff for more information. Guest must be able to demonstrate a willingness and ability to comply with verbal and written rider requirements.

Six Flags reserves the right to make the final determination regarding eligibility of a Guest to ride a particular attraction based on the Guest's size, weight, height or other limitations. Information in this Guide is subject to change.

RIDER RESPONSIBILITY

All Guests have a duty to exercise good judgment and act in a responsible manner while participating on an attraction and to obey all verbal and written warnings and instructions. Guests also have a duty to properly use all attraction safety equipment and ride vehicles provided.

GENERAL WATER PARK SAFETY INFORMATION

SAFE SWIMMING

- Children should always be at arm's reach of a responsible adult.
- It is recommended that both Guests under 48" and weak swimmers wear a lifejacket at all times.
- Lifejackets are available, free of charge. Availability is based on a first come, first serve basis.
- For the safety of all Guests and staff, some attractions have specific height, weight, and health restrictions.
- Personal floatation devices are prohibited; including water wings. Coast Guard approved lifejackets are permitted.
- Please read all safety signage posted at the entrance of all attractions prior to waiting in line and participating.
- Do NOT let children swim unsupervised.
- Persons with hard casts will be prohibited from participating on some attractions.
- The following items are not permitted on any of the attractions: balls, fins, glass masks, mermaid tails, snorkels, and other toys.
- Please do not run, dive or jump into the attractions.
- For your safety, you should be in good health to ride. Only you know your physical conditions or limitations. If you suspect your health could be at risk for any reason, or you could aggravate a pre-existing condition of any kind, **DO NOT RIDE!**

PARK POLICIES

- Six Flags is not responsible for lost or stolen items.
- Do not leave personal items unattended.
- Inconsiderate Guests and/or inappropriate behavior from Guests including; line jumping or profanity may result in removal from the park(s) and, without a refund.
- Failure to follow instructions of the Water Park Staff and/or observe safety rules may result in removal from the park(s) and, without a refund.

GOOD HYGIENE IS IMPORTANT FOR SAFE, CLEAN WATER

- Please shower yourself and your child before entering the water.
- Diaper dependent Guests must wear appropriate waterproof diapers on ALL attractions.
- Please do not drink the pool water.
- Changing diapers on or around the pool decks is not permitted.
- Diaper changing areas are provided in the restrooms, please wash hands with soap and water after changing a diaper.
- Anyone who has experienced a stomach and/or intestinal illness within the past two (2) weeks should not participate in any water related activities.

FOR YOUR SAFETY AND BENEFIT

- Lifeguard training will occur continuously throughout the day.
- Training drills may involve mannequins and simulated victims.
- Any questions can be directed to a Water Safety Staff.
- Training drills may occur at any time during operation, and on any of our attractions.
- For your safety, some attractions will observe a safety break that may require Guests to exit the pool for a period of time.

WEATHER

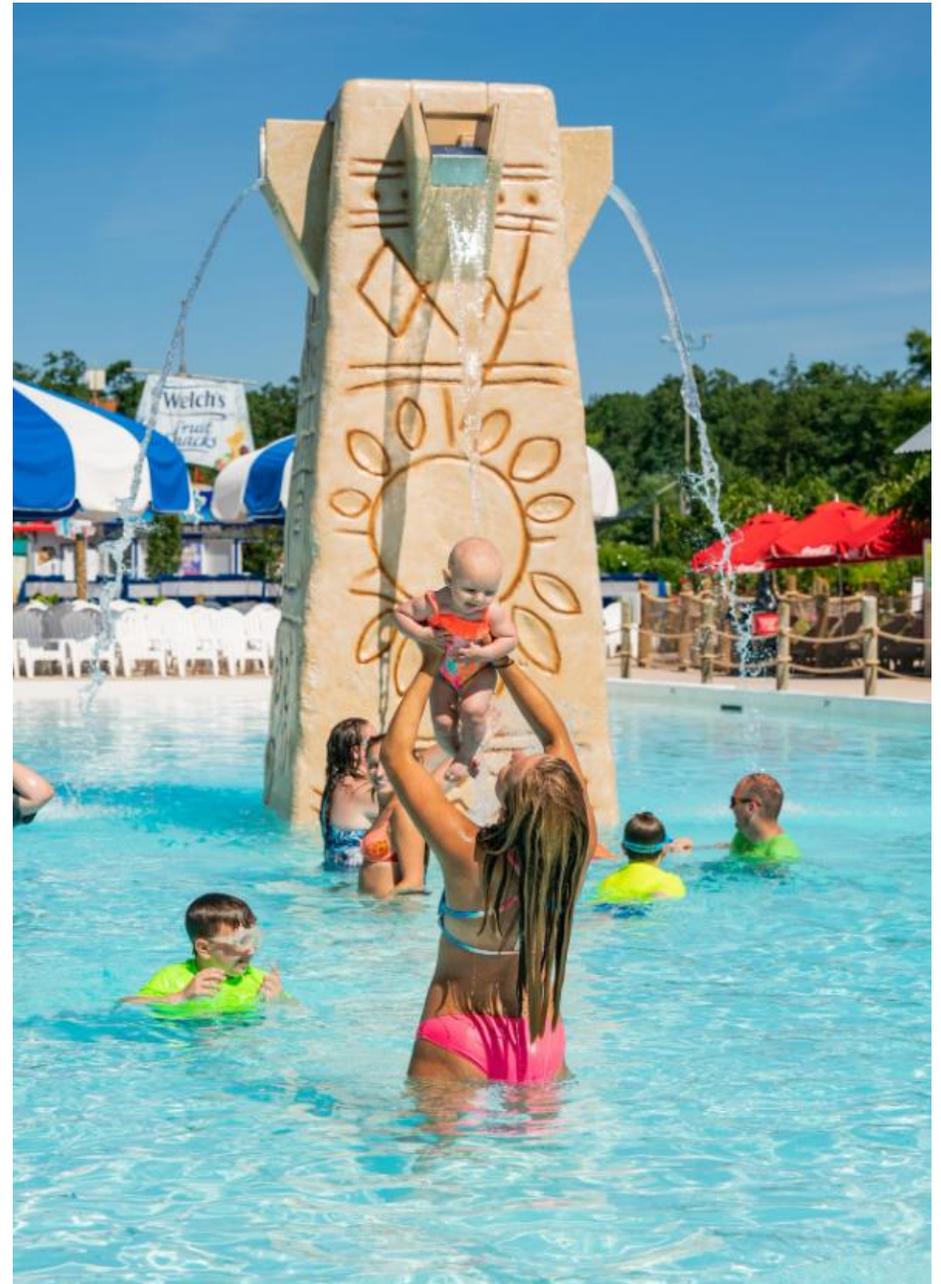

- There are certain weather circumstances that may cause the entire water park to close earlier or not open at all.
- For your safety, rain, wind or storms may force the water park to cease operation of some, or all of the attractions.
- When it is safe to resume operation, the attractions will re-open.
- Refunds and rainchecks are not offered for inclement weather.

PROPER AND APPROPRIATE SWIMWEAR IS REQUIRED

- Proper and lined swimsuits are required to be worn to participate on the attractions.
- Swim wear must be appropriate for our family environment.
- Swim wear with buttons, rivets, or sharps are not permitted.
- Shoes of any kind are not permitted on some attractions.
- Loose articles including, but not limited to; hats, sunglasses, phones, keys, and wallets are not permitted on some attractions.
- Please visit our retail shops for all your swim wear needs.

LOCKERS AND RENTALS

- All day locker rentals are available inside the water park, and based on a first come, first serve basis.
- All lockers are emptied at the end of each night.
- Rental tubes are based on availability and NOT permitted on some attractions.
- Courtesy tubes are available for most attractions.

GUEST ACCESSIBILITY INFORMATION

PARKING

Accessible parking is available on a first-come, first-serve basis within the main parking lot of the Water Park. When you arrive at the parking toll booths, ask a Team Member for instructions regarding where to proceed to the accessible parking lot. Both auto and van accessible spaces are provided. A valid disabled persons parking placard or license plate must be displayed at all times while parked in the designated accessible parking area.

If the designated accessible parking area is full at the time of your arrival, members of your party may be dropped off at the main pick-up/drop-off area, near the main entrance to the park. Please ask a Team Member for directions to additional parking areas.

WHEELCHAIRS

Wheelchairs are available at our Guest Relations location. Deposit may be required in addition to rental fee. Guests may also use their own wheelchairs. If you need to take the rented wheelchair outside of the park, a Team Member escort is necessary to do so. Please ask for assistance at our Guest Relations location. Battery recharging is also available at First Aid and Guest Relations.

GUESTS WITH WHEELCHAIRS OR ECV'S

Many of our shopping and dining facilities are also wheelchairs accessible. At many of our attractions we have made our queues accessible to Guests using manual wheelchairs.

SEGWAY

Due to varying walkways, terrains and large crowds, we cannot permit the use of two-wheeled, self-balancing electric vehicles such as Segways. Wheelchairs are available for rent, please contact Guest Relations for more information.

RESTROOMS

Most restrooms within the Water Park are accessible for Guests using wheelchairs. Please check the Water Park map for locations. Our park's Team Members or Guest Relations can provide location directions should you need private restroom facilities during your visit.

SERVICE ANIMALS

Trained service animals are welcome at our Six Flags Water Parks. Service animals are limited to dogs and miniature horses that have been individually trained to do work or perform a task for the benefit of an individual with a disability.

Service animals must be house broken and remain on a leash or harness and under the control of its handler at all times. Guests whose service animal demonstrates aggressive and/or annoying actions toward our Guests or Team Member will be directed to remove the animal from the park.

Service animals are welcome in most locations of the Water Park. Our attractions are not equipped or designed for accessibility to service animals. Therefore, a member of your party must be available to stay with the animal while you ride. For your convenience, a Service Animal "Relief Area" is located behind Discovery Bay play structure. Owners are responsible for disposing of their animal's waste.

ATTRACTION ACCESS

Most of the Water Park's attractions, restaurants and shops are accessible to wheelchairs. Most, if not all attractions require climbing of steps and the transfer to the ride vehicle (tube). Entry, exit and transfer must be accomplished independently by the Guest or with the assistance of a member from their party. Six Flags Team Members are not trained in lifting or carrying persons with disabilities and are therefore not permitted to assist Guests on or off the rides. If in doubt, please contact the Water Safety Staff or Guest Relations for more information.

HEARING DISABILITIES

Written ride instructions are available at each attraction.

MEDICAL DEVICES AND MOBILITY AIDES

For your safety and the safety of others, riders may be required to remove medical devices, half or full length orthotics, braces, crutches, canes, prosthetics and any other type of medical assistance device that is not permanently affixed to the rider's body to prevent hazards or loss due to ride forces. These devices may keep the rider from maintaining the proper riding posture, and present a hazard to the rider or others.

If in doubt about your ability to safely experience an attraction, please refer to the *Rider Requirement Sign* at the attraction entrance. You may also consult with the Water Safety Staff for more information. Please also refer to the *Attraction Information* section of this Guide for specific information regarding removal of medical devices and mobility aides on an attraction by attraction basis. If you have any questions, please ask the Water Safety Staff.

PROSTHETIC DEVICES

Prosthetics are permitted on most attractions in the Water Park, please refer to the *Rider Requirement Sign* at the attraction entrance for specific requirements.

- Riders must be able to safely enter and exit the attraction.
- Riders must be able to maintain the proper riding position throughout the entirety of the attraction.
- The prosthetic must not pose a danger to the patron themselves, others in the attraction, the ride vehicle (tube) and/or the attraction surface (which is for the safety of the Guests to maintain a safe riding surface).
- Guests wearing prosthetic devices must cover any exposed metal with a padded material.

FIRST AID

Emergency Medical Technicians or Paramedics are on duty during all Water Park operating hours. If you require medical assistance, ask any Team Member and they will summon medical personnel to your location. First Aid is located near Discovery Bay play structure.

OXYGEN TANKS/AIR CONCENTRATORS

Due to the dynamics and certain characteristics of the rides, oxygen tanks or portable systems are not permitted on the attractions. Oxygen tanks are permitted in enclosed facilities. For your convenience, the Water Park's First Aid station will be able to appropriately store your additional oxygen tanks during your visit.

FAMILY SERVICES/NURSING MOTHERS

A private room for nursing mothers is available at First Aid. Baby changing areas and a companion restroom can be found in most restrooms. Please feel free to ask a Team Member for directions to these locations.

RESTAURANTS

The park's restaurants offer a variety of food options. Assistance is available upon request. Exceptions are made for Guests with special dietary needs including food allergies and baby food/formula. Guests should contact Park Security or Guest Relations upon arrival at the park for approval to bring in special dietary foods. The special dietary food containers will be marked and dated to clearly show that they have been approved for entry into the park.

PERSONAL CARE ATTENDANT

The Personal Care Attendant (PCA) program is designed to accommodate Guests with disabilities who are in need of support services such as personal hygiene, eating, toileting, transferring, safe movement, maintaining continence and/or medication management, in order to participate in the Water Park's goods, services, and attractions. The PCA's attendance is required to enable the Guest to participate in the Water Park's goods, services, and attractions. The PCA is not a Guest and shall not participate in any of the Water Park's goods, services, or attractions separate and apart from their client. The PCA receives compensation for the PCA's services, and the PCA is professionally licensed as a home health aide.

If the Water Park discovers that the Guest or the PCA has misrepresented the purpose of the PCA or that the PCA has acted as a patron of the Water Park as opposed to a PCA, the PCA and the Guest will be expelled from the Water Park and may be barred from future entry.

ATTRACTION INFORMATION

INTRODUCTION

In general, all riders should be in good health and free from any conditions known or unknown that might be aggravated by riding. To ride, Guests must have the ability to brace themselves upright in the provided ride vehicle (tube) and support their head and neck during the slide/water movements.

RIDE RATINGS AND WARNINGS

Attraction warning signs can be found at the entrance of each attraction to help determine the attractions that are best for Guests based upon their experience level, physical condition and abilities.

There are inherent risks in the participation in or on any amusement ride or attraction. Patrons have a duty to exercise good judgment and act in a responsible manner while participating on the ride or attraction and to obey all oral and/or written warnings. Patrons also have a duty to properly use all ride and attraction safety equipment provided.

Recent Surgery
or Illness

Heart Conditions

Neck, Back or
Bone Ailments

Pregnancy

High Blood Pressure
or Aneurysms

Under the influence
of Drugs or Alcohol

SPECIAL ACCESS ENTRANCES

Due to the unique nature of Water Park slides and the exits of the slides typically ending into a catch pool or run-out, we are unable to offer any special entrance or access points to our attractions. All pools (Wave Pool, Lazy River, and Activity Pools) have an entrance and exit with a zero-depth entry to allow for wheelchair access.

LOOSE ARTICLES

For the safety of all Guests and our Team Members, loose articles including; phones, keys, wallets, hats, camera, glasses without a head strap, etc. are not permitted while on the attraction. It is recommended that all personal belongs are stored in a locker or left with a non-rider. The Water Safety Staff cannot be responsible for these items.

CAMERAS

To ensure the safety of our Guests, picture taking and the use of cameras and video recording devices are not permitted on any attraction, while it is in motion. It is encouraged that Guests leave their equipment with a non-rider or secure it in a locker or their vehicle. Guests must have written permission to use photographs and/or videotape of Six Flags images for commercial broadcasting, advertising, marketing, or publishing in any medium.

LARGER FRAMED GUESTS

Many attractions are designed by the manufacturer to accommodate people of average physical stature and body proportion. The design of the attraction may place restrictions on the ability of an individual to safely experience the attraction. Some attractions may have weight restrictions. Guests of a larger size may not be accommodated on some attractions.

PREGNANCY

Guests who know or believe they may be pregnant should follow all rules, guidelines and restrictions listed for each attraction. Those who are pregnant should not ride an attraction that specifically lists pregnancy as a rider restriction. Please closely review all rules and guidelines at the entrance of each ride.

ATTRACTION EVACUATIONS

Attraction evacuations may be necessary due to mechanical/electrical problems, severe weather conditions or interruption of power. If an attraction evacuation is necessary, Guests may need to negotiate stairs from the highest points of the attraction down steeply inclined stairs or walking surfaces. Guests requiring assistance during the attraction evacuation may be escorted last in order to expedite the attraction evacuation process. Please ask the Water Safety Staff about the specific procedures prior to boarding a particular attraction.

DEFINITIONS

Every attraction entrance lists height requirements, weight restrictions, and special instructions regarding the attraction.

Six Flags uses the following terms:

Responsible Person (Adult): A responsible person is someone who meets all the requirements to ride the ride themselves and is at least 54 inches tall or taller.

Accompanied By: Whenever a Guest needs accompaniment, the accompanying person must meet all the attraction requirements and be able to assist the Guest including helping the Guest to board and exit the attraction and assisting the Guest down stairs, in case of an evacuation.

Ability to Hold On or Brace: Ability to use one's arms to maintain a required posture and/or support one's body during normal and emergency procedures on a ride and to use one's legs to brace to maintain the required position during the ride.

GENERAL ATTRACTION RULES

- All riders must meet the height requirement.
- All attractions have a minimum and/or maximum weight restrictions.
- Courtesy tubes are provided for all attractions.
- Rental tubes are permitted on some attractions.
- Lap riders are not permitted on any attraction.
- Riders are arranged to balance weight in the tubes, please do not change seating positions.
- Riders must be able to maintain the proper riding position throughout the entire ride.
- Weak swimmers are encouraged to wear a lifejacket.
- Supervision of children by a parent or guardian is required at all times.
- Eyeglasses should be secured with a head strap.
- Footwear of any kind is not permitted on some attractions.
- Casts of any kind are not permitted.
- Secure all loose articles prior to riding in a locker or left in the care of a non-rider while riding.
- Six Flags will not be responsible for the care, loss, or damage of any personal items.
- Proper swimwear is required to participate on the ride.
- Smoking, eating, drinking, chewing gum, horseplay, running, or jumping is not permitted while in line or on the attraction.
- The following are NOT allowed in, near, or around the pools:
 - Snorkels, fins, balls, and tubes of any kind, surface diving, underwater swimming, breathe holding, horseplay, running, or jumping.
- Line jumping for any reason is cause for ejection from the park.
- Do not drink the pool water. Children should be told not to drink the pool water.
- Anyone who has experienced a stomach and/or intestinal illness within the past two weeks may not participate in any water attractions.
- Diaper dependent persons must wear approved waterproof diapers in any water attractions.
- Obey the instructions of the Water Safety Staff at all times. Failure to follow rules and instructions may result in injury to yourself and others.

ATTRACTION RULES AND POLICIES

The following descriptions are designed to give you information on the type of actions caused by various attractions, and the basic requirements needed to participate.

Bada Bing, Bada Bang, Bada Boom

An exciting serpentine flume where the rider will experience enclosed and/or dark spaces, speed, drops, and circular motions. The attraction ends in a catch pool with a water depth of 3½ feet deep.

Height Restriction: You must be at least 48 inches tall to ride.

Weight Restriction: The maximum individual rider weight is 250lbs. The maximum total combined weight of riders is 400lbs.

Number of Riders: Single (1) or double (2) riders only. No lap riders.

Physical Requirements: Guest must possess the physical and cognitive abilities to hold themselves in an upright seated position within the ride vehicle (tube) throughout the course of the ride.

Attraction Access: There is one entrance to this attraction through a queue line and up multiple flights of stairs. Access to the edge of the pool is available from the main walkway.

Activity Summary

Cannonball Falls is 357 feet of pure adrenaline, in the form of a super slick enclosed slide. Survive snaking turns in total darkness with only your own body to maneuver the curves. Just brace yourself for the 64-foot elevation change in a few seconds. Wahini Falls for yet another 394 feet of coiling madness, in total darkness. This slide is also fully enclosed. Jurahning. This green, blue, and red striped monster is a mind-blowingly steep 76-foot drop nearly down. It is fully open, so you can count on plenty of wind in your face as you rocket like a missile to the bottom.

Activity Summary

First you'll shoot from a height of 75 feet down a 132-foot tunnel. Right about now you're traveling at 35 feet per second. But hold on tight, because you are about to be shot into an unbelievably huge 60-foot-wide funnel, where you'll feel the full thundering power of the Tornado. You'll swirl through the funnel like you're being blown around with furious force.
