THE WETTEST RIDES!

Hurricane Harbor is famous for its heart-pounding rides, all soaked with bigger, better, wetter excitement! There are even more thrills with Hook's Lagoon, an interactive water playhouse, and the tallest slides guaranteed to make a huge splash.

RIDES

◆ **THE BLACK HOLE**

A wild, wet adventure in total darkness! Riders board the slide in a black flying saucer hovering 60 feet off the ground. Passengers are then sent, two by two, through a totally enclosed, 500-foot-long tube slide.

◆ **BLUE RAIDER**

A two-passenger escape into a dark, enclosed slide filled with hair-raising drops and turns.

◆ **CARIBBEAN CHAOS**

1500 gallons of water propel riders down this open-air body slide.

◆ **DER STUKA**

Two seven-story, free-fall slides that drop sliders directly from a 72-foot-tall tower.

◆ **GERONIMO**

A six-story free-fall experience that begins with a gentle horizontal slide and ends by dropping sliders almost straight down.

◆ **HOOK'S LAGOON**

A 40,000-sq. ft. interactive family water adventure with a five-story treehouse, three lagoons, a pirate ship, slides and 12 levels of exciting, soaking activities!

◆ **HYDRA MANIAC**

Four separate, totally enclosed slides that twist and turn before dropping riders into a cool lagoon.

◆ **MEGA WEDGIE**

One to two guests at a time can experience the thrill of this "zero gravity" ride as it propels them down the massive slide with water spray jets.

◆ **RAGING RAPIDS**

Relax and enjoy tubing down a refreshing river. Six pools are connected by a gradual slope that allows riders to float in their inner tubes from one pool to the next and finally into a big splash pool at the end.

◆ **SEA WOLF**

A three-passenger raft ride that plunges through more than 830 feet of high-speed banks and heart-stopping drops.

◆ **SHOTGUN FALLS**

Four separate high-speed slides blast riders with 2,000 gallons of water per minute into a refreshing pool.

◆ **SPLASHWATER BEACH**

A thrilling, interactive water playground, complete with nearly 40 different and unique water features. From geysers to water curtains, drenching buckets and water cannons, this area was designed with the littlest explorers in mind.

◆ **TORNADO**

Positioned in a 4-person cloverleaf-shaped tube, riders blast down a 132-foot-long tunnel into a unique, funnel-shaped slide that splashes the tube back and forth on 5,000 gallons of swirling water.

◆ **TSUNAMI SURGE**

The 68-foot enclosed tunnel is only the beginning, as riders in tubes build up speed to take on a 40-foot wave slide on the other side.

◆ **TYPHOON TWISTER**

Guests board slides built for two for an adrenaline-packed ride down a tunnel and into a bowl shaped slide. After spinning around multiple times in the belly of the slide, riders are thrust through a corkscrew exit into a pool of water.

◆ **WAHOO RACER**

Standing nearly 60 feet tall, Wahoo Racer is a two-tiered slide mat racer that sends riders on an intense, winding stretch through colorful tubes before shooting them out into six racing track-styled lanes. Each race is timed, allowing guests to challenge themselves, along with family and friends to reach the checkered flag for the win.
