& SAFARI

**SAFETY &
ACCESSIBILITY
GUIDE**

FOR MORE INFORMATION PLEASE VISIT RIDES INFORMATION CENTER

INTRODUCTION:

We are thrilled you have chosen to spend your day at Six Flags! Our goal is to make your visit fun and memorable. This Six Flags Guest Safety and Accessibility Guide includes important information to assist Guests with planning their visit to the park and enjoy its various attractions, rides, services and amenities. In this Guide, Guests will find specific information for individuals with disabilities along with general policies and guidelines.

We work closely with the manufacturer of each of our rides and our policies incorporate the manufacturers' guidelines as well as the requirements of the Americans with Disabilities Act. We hope that this Guide will help Guests make the best choices to ensure a safe, comfortable and convenient experience at the park. If, at any time, Guests need additional assistance or a further explanation of our policies and guidelines, they should feel free to ask any Six Flags Team Member.

Our goal is to safely and efficiently accommodate the needs of all Guests, including individuals with disabilities. This Guide, along with the availability of our Team Members to answer any questions and offer assistance, will allow Guests to have a thrilling and safe day at the park.

GENERAL WARNING:

We are committed to providing you a safe environment during your visit to Six Flags. While there are inherent risks to participating in any amusement park ride or attraction, our goal is to ensure your safety with the incorporation of some restrictions. For your safety, you should be in good health to ride. Only you know your physical conditions and/or limitations.

Many amusement park rides incorporate safety systems designed by the manufacturer to accommodate people of average physical stature and body proportion. These safety systems may place restrictions on the ability of a Guest to safely be contained within the ride restraint. Extremely large or small individuals, Guests who have heart, back or neck trouble or conditions, pregnant women, people who have had recent surgery or an illness, people with casts, braces, restrictive devices or certain disabilities may not be safely accommodated by certain ride systems. For example, height requirements are based on the size needed for safety restraints to

function properly and the level of maturity usually associated with a certain height.

If you suspect your health could be at risk for any reason, or you could aggravate a pre-existing condition of any kind, **DO NOT RIDE**. The specific features, rider requirements and health restrictions of each ride are described later in this Guide.

In order to ride, all Guests must be able to maintain the proper riding position, meet the ride requirements and appropriately utilize the restraint systems, including lap bars, shoulder harnesses and seatbelts as indicated. All Guests must also be able to demonstrate a willingness and ability to comply with verbal and written rider requirements.

Six Flags reserves the right to make the final determination regarding eligibility of a Guest to ride a particular ride based on the Guest's size, weight, height or other limitations. Information in this Guide is subject to change.

RIDER RESPONSIBILITY:

All Guests have a duty to exercise good judgment and act in a responsible manner while participating on a ride or attraction and to obey all verbal and written warnings and instructions. Guests also have a duty to properly use all ride and attraction safety equipment provided.

PARKING:

Accessible parking is available on a first-come, first-serve basis within the main parking lots of the park. When you arrive at the parking toll booths, ask a Team Member for instructions regarding where to proceed to the accessible parking lot. Both auto and van accessible spaces are provided. A valid disabled persons parking placard or license plate must be displayed at all times while parked in the designated accessible parking area. If the designated accessible parking area is full at the time of your arrival, members of your party may be dropped off at the main pick-up/drop-off area, near the main entrance to the park. Please ask a Team Member for directions to additional parking areas.

WHEELCHAIRS AND ELECTRIC CONVENIENCE VEHICLES (ECV'S):

Wheelchairs and electric convenience vehicles (ECV's) are available for rent next to Guest Relations. Guest must be 18 years of age to operate or rent an ECV. A deposit is also required.

Guests may also use their own wheelchairs or ECV's. If you need to take the rented wheelchair or ECV outside of the park, a Team Member escort is necessary to do so. Please ask for assistance at Guest Relations. Battery recharging is also available at Guest Relations. ECV's must be operated in a safe manner, only one person may be on the ECV while moving, must have 3 wheels and cannot exceed 5 miles per hour while moving in the park or on Six Flag's property.

Guests using wheelchairs or ECV's may utilize any ticket window and designated turnstiles to enter the park. Many of the park's shopping and dining facilities are also wheelchair accessible. Many of the rides and attractions have queues that are accessible to Guests using manual wheelchairs. If an alternate entrance is required, these entrances are generally at the ride exit and are identified by a sign with the universal wheelchair symbol. Please keep in mind that there are specific boarding requirements and accommodations for those using wheelchairs at each ride or attraction.

SEGWAY:

Due to varying walkways, terrains and large crowds, we cannot permit the use of two-wheeled, self-balancing electric vehicles such as Segways. We are pleased to offer other forms of transportation, including ECV's and standard wheelchairs. Please contact Guest Relations for more information.

SERVICE ANIMALS:

Trained service animals are welcome at our Six Flags Theme Parks. Service animals are defined as dogs that are individually trained to do work or perform tasks for people with disabilities. Examples of such work or tasks include guiding people who are blind, alerting people who are deaf, pulling a wheelchair, alerting and protecting a person who is having a seizure, reminding a person with mental illness to take prescribed medications, calming a person with Post

Traumatic Stress Disorder (PTSD) during an anxiety attack, or performing other duties. Service animals are working animals, not pets. The work or task a dog has been trained to provide must be directly related to the person's disability. Dogs whose sole function is to provide comfort or emotional support do not qualify as service animals. Miniature horses that have been individually trained to do or perform tasks for people with disabilities will qualify as service animals.

Service animals must be house broken and remain on a leash or harness and under the control of their handler at all times. Guests whose service animal demonstrates aggressive and/or annoying actions toward a Guest or Team Member will be directed to remove the animal from the park.

Service animals are welcome in most locations of the park. Most of our rides are not equipped or designed for accessibility to service animals. Therefore, a member of your party must be available to stay with the animal while you ride.

Rides:

Service animals, excluding miniature horses, are permitted on Sky Ride, Big Wheel, and *Bugs Bunny* Camp Carousel on the bench.

Haunted Mazes:

Guests with service animals, please note that these attraction uses loud noises, theatrical lighting, special effects, and sudden moments intended to provide our guests with a thrilling experience. We rely on you to determine whether this attraction is appropriate for your service animal to experience. We remind guests with service animals that they must maintain full control of their service animal at all times while in the Park.

Guests may take advantage of our Kid Swap policy for staying with their service animal. However, park Team Members will not take responsibility for, or provide care to any service animal. Refer to the section on Kid Swap for more information.

A Service Animal "Relief Areas" are located in the grassy areas to the left of the Dark Knight, and between El Toro and BIZARRO. Owners are responsible for disposing of their animal's waste. Please look for this designated sign:

Please visit the Ride Information Center if you require additional information.

RESTROOMS:

Most restrooms within the park are accessible for Guests using wheelchairs. Please check the park map for locations. The park's Team Members or Guest Relations can provide location directions should you need companion restrooms during your visit.

ALTERNATE ACCESS:

Most of the park's theaters, attractions, restaurants and shops are accessible to wheelchairs. Most, if not all rides require transfer from the wheelchair to the ride seat. Special access entrances are available to accommodate Guests with mobility aides and service animals. These special entrances are generally at the ride exit and are identified by a sign with the universal wheelchair symbol. Entry, Exit and Transfer must be accomplished independently by the Guest or with the assistance of a member from his/her party. Six Flags Team Members are not trained in lifting or carrying persons with disabilities and are therefore not permitted to assist Guests on or off the rides. Not all rides have alternate access. If in doubt, please contact the Ride Attendant, The Rides Information Center, or Guest Relations for more information.

ATTRACTION ACCESSIBILITY PROGRAM:

Our goal is to safely accommodate the needs of all Guests. Our policies comply with the Americans with Disabilities Act (ADA) and applicable state laws.

Six Flags' Attraction Accessibility Program is designed to accommodate Guests with disabilities or certain other qualifying

impairments so they may participate in the enjoyment of our Parks. Each attraction at Six Flags has been evaluated for the criteria necessary for an individual to ride safely. Our ridership criteria (set forth on page 13 of this Guide) is based on the requirements of the attraction manufacturer and the ability of Guests to utilize all safely restraints and devices as designed, while maintaining the proper riding position throughout the duration of the ride. It is our policy to allow anyone to ride who meets all of these requirements and does not cause or create a legitimate safety concern to herself/himself or others. Our Attraction Accessibility Program matches the individual abilities of our Guests to the ridership criteria for each attraction.

The Attraction Accessibility Program is an accommodation designed to provide equal access to Park attractions and not to bypass other Guests waiting in the standard queue.

The following procedures apply to Guests who wish to participate in our Attraction Accessibility Program:

1. Guests can visit our Ride Information Center to obtain Six Flags' Safety & Accessibility Guide to review the rider requirements of each ride or attraction. This Guide is also available on our website at www.sixflags.com.
2. To obtain an Attraction Access Pass guests with disabilities, mobility impairments or certain other qualifying impairments should visit the Ride Information Center inside the Park. Such guest will be required to present a valid doctor's note in order to receive an Attraction Access Pass. The doctor's note must include the name of the individual requesting the AAP, doctor's name, address, phone number and their signature on their letter head that includes their medical ID number, along with a statement indicating the guest has a disability or other qualifying impairment under the Americans with Disabilities Act (ADA) and/or applicable state law that prevents the guest from waiting in a standard queue. Please note that the nature of the disability should not be provided in the doctor's note. If the disability is of a temporary nature, the doctor's note should state the time period of the temporary disability. A photo identification must be presented at the time of issuances, (for children 12 and under, photo ID of the parent or guardian would be accepted).

3. In an effort to provide equal treatment to all of our Guests, only those Guests with a disability or other qualifying impairment and up to three (3) riding companions will be allowed to access attractions through the alternate entrance. If the guest's party is larger than four (4) Guests, the other members of the party will be required to enter the ride or attraction through the standard queue.
4. To use the Attraction Access Pass, the guest should proceed to the attraction's alternate entrance and show the attraction attendant the Attraction Access Pass. The attraction attendant will document a reservation time that is comparable to the current wait time for the same ride/attraction. The guest, and up to three (3) riding companions, can then return to the attraction, using the alternate entrance, at the time of the reservation in order to ride.

A guest using an Attraction Access Pass may rest in a comfortable location or enjoy other attractions in the area until the assigned reservation time has come or when the others from the guest's party waiting in the standard queue reach the boarding platform. There is a 15 minute grace period for late arrivals.

A guest with an Attraction Access Pass must ride in order for the guest's companions to utilize the Attraction Access Pass to enter the attraction through the alternate entrance. If the guest with an Attraction Access Pass chooses not to ride, the guest's companions must wait in the standard queue.

Attraction Access Passes are not designed to bypass or "skip" the standard queue and the wait will be equal to the posted wait times. Individuals found to be fraudulently using the Attraction Access Pass will be in violation of our Guest Code of Conduct and may be subject to civil penalties. Violators may also be asked to leave the Park without any refund.

PERSONAL CARE ATTENDANT:

- **Personal Care Attendant-** The Personal Care Attendant (PCA) program is designed to accommodate guests with disabilities who are in need of support services such as

personal hygiene, eating, toileting, transferring, safe movement, maintaining continence and/or medication management, in order to participate in the Park's goods, services and attractions. The PCA's attendance is required to enable the guest to participate in the Park's goods, services and attractions. The PCA is not a guest and shall not participate in any of the Park's good, services or attractions separate and apart from their client. The PCA receives compensation for the PCA's services, and the PCA is professionally licensed as a home health aide. If the Park discovers that the guest or the PCA has misrepresented the purpose of the PCA or that the PCA has acted as a patron of the Park as opposed to a PCA, the PCA and the guest will be expelled from the Park and may be barred from future entry.

MEDICAL DEVICES AND MOBILITY AIDES:

For your safety and the safety of others, riders may be required to remove medical devices, half or full length orthotics, braces, crutches, canes, prosthetics and any other type of medical assistance device that is not permanently affixed to the rider's body to prevent hazards or loss due to ride forces. These devices prevent safety restraints from working as designed, keep the rider from maintaining the proper riding posture, and present a hazard to the rider or others. If in doubt about your ability to safely experience a ride or attraction, please refer to the Rider Requirement Sign at the ride entrance. You may also consult with a Ride Attendant or Guest Relations for more information.

Please also refer to the "Ride Information" section of this Guide for specific information regarding removal of medical devices and mobility aides on a ride by ride basis. If you have any questions, please ask a Ride Attendant or visit Guest Relations.

LARGER FRAMED GUESTS:

Many rides incorporate safety systems designed by the manufacturer to accommodate people of average physical stature and body proportion. These systems may place restrictions on the ability of an individual to safely experience the ride.

In order to ride, all seatbelts, lap bars, and shoulder harnesses must be positioned and fastened properly. Due to rider restraint system requirements, Guests of a larger size may not be accommodated on some rides.

KID SWAP:

The Kid Swap program is designed to accommodate groups with younger children who may not be tall enough to ride some attractions. To participate: 1) The entire party should enter the ride queue; 2) When preparing to board, tell the Ride Attendant you are using the Kid Swap program; 3) Children who are not tall enough to ride may wait at the exit with an adult from your party; 4) After the first ride is completed, the adult who waited with the child will be allowed to ride.

RIDE RATINGS AND WARNINGS:

Ride warning signs can be found at the entrance of each ride to help determine the attractions that are best for Guests based upon their experience level, physical condition and abilities. Information on each ride can also be found on the Park Map and Guide.

Key to Symbols:

GENERAL INFORMATION

FRIGHT FEST:

Theatrical fog effects, areas of low lighting, loud music, sound effects, and theatrical and strobe lighting are used throughout the park during Fright Fest. This includes streets, midways, outdoor scare zones, mazes and haunted houses both indoor and outdoor, live entertainment venues and children's attractions.

Guests with respiratory sensitivities, history of seizures or epilepsy, or sensitivities to latex, loud music and sound effects are advised not to participate in these attractions. Please adhere to all posted and verbal warnings and directions.

FAMILY SERVICES/ NURSING MOTHERS:

A private room for nursing mothers is available upon request. Baby changing areas and a companion restroom can be found in most restrooms. Please feel free to ask a Team Member for directions to these locations or review a park map.

HEARING DISABILITIES:

Assisted listening devices are available upon request. Please see Guest Relations for additional information.

American Sign Language Interpreting will be available if requested at least 7 days in advance of your visit. To arrange for sign language interpreting services, please call the Operations Office at 732-928-2000 ext. 2255 Monday through Friday 9:00am to 5:00pm.

Visual Impairments:

Guest with Visual Impairments - Guests with Visual Impairments that require assistance from a Personal Care Attendant (PCA) will be provided a complimentary ticket for their PCA, provided the PCA meet the Personal Care Attendant guidelines. (See guidelines for Personal Care Attendant.)

PREGNANCY:

Guests who know or believe they may be pregnant should follow all rules, guidelines and restrictions listed for each ride. Those who are

pregnant should not ride a ride that specifically lists pregnancy as a rider restriction. Please closely review all rules and guidelines at the entrance of each ride.

RESTAURANTS:

The park's restaurants offer a variety of food options. Assistance is available upon request. Exceptions are made for Guests with special dietary needs including food allergies and baby food/formula.

Guests should contact Park Security or Guest Relations upon arrival at the park for approval to bring in special dietary foods. The special dietary food containers will be marked and dated to clearly show that they have been approved for entry into the park.

FIRST AID:

Emergency Medical Technicians or Paramedics are on duty during all park operating hours. If you require medical assistance, ask any Team Member and they will summon medical personnel to your location. Please refer to your Park Map and Guide for the location of First Aid.

OXYGEN TANKS/AIR CONCENTRATORS:

Due to the dynamics and certain characteristics of the rides, oxygen tanks or portable systems are not permitted on most of our rides and attractions. Oxygen tanks are permitted in enclosed facilities. For your convenience, the park's First Aid station(s) will be able to appropriately store your additional oxygen tanks during your visit.

SPECIAL EFFECTS AT THEATERS, RIDES AND ATTRACTIONS:

Theatrical fog and other effects, including but not limited to: haze and other atmospheric effects, scents, areas of low lighting, loud music, sound effects, theatrical lighting and strobe lighting may be used at various locations in the park such as theaters and during Fright Fest. Guests with respiratory sensitivities, history of seizure or epilepsy, or sensitivities to latex, loud music and sound effects are advised not to participate in these attractions. Please adhere to all posted and verbal warnings and directions.

March 20, 2018

RIDE INFORMATION

CAMERAS:

Picture taking and the use of cameras and video recording devices is not permitted on any ride, while it is in motion. It is encouraged that Guests leave their equipment with a non-rider or secure it in a locker or their vehicle. Lockers are available to store items for a nominal fee. Guests must have written permission to use photographs and/or recordings of any aspect of the park for commercial broadcasting, advertising, marketing, or publishing in any medium.

FULL BODY HARNESS:

The safety of our Guests and employees is always our highest priority and we strive to provide a fun, safe experience for all Guests. In an effort to better accommodate the needs of Guests with certain disabilities, we have worked with ride manufacturers to develop safety harnesses for select rides in our park. Riders who do not meet certain extremity requirements may be able to ride BATMAN: The Ride, BIZARRO, El Toro, Nitro and SUPERMAN: Ultimate Flight utilizing the full body harness [if all requirements are met]. Our ride operators have been trained to assist Guests with the harnesses to ensure their safety and enjoyment.

RIDE EVACUATIONS:

If a ride evacuation is necessary, Guests may need to negotiate stairs from the highest points of the ride down steeply inclined stairs or walking surfaces. Guests requiring assistance during the ride evacuation may be escorted last in order to expedite the ride evacuation process. Please ask a Ride Attendant about the specific procedures prior to boarding a particular ride.

Definitions: Every ride entrance lists height requirements and special instructions regarding the ride. Six Flags uses the following terms:

Responsible Person (Adult): A responsible person is someone who meets all the requirements to ride the ride themselves and is at least 54" tall or taller.

Accompanied By: Whenever a Guest needs accompaniment, the accompanying person must meet all the ride requirements and be

able to assist the Guest including helping the Guest to board and exit the ride and assisting the Guest down stairs, catwalks, or ladders in case of an evacuation

Lap Child: A lap child is someone who is not aware of their surroundings, who is unable to walk to the ride independently or maintain independent seated postural control.

Functioning Extremity: A functioning extremity is a limb over which a person has control. A prosthetic device is not considered a functioning extremity. Six Flags has additional requirements regarding prosthetic devices. Please see the information for each specific ride in the Ride Information section for this Guide.

Ability to hold on or brace: Ability to use one's arms to maintain a grasp on an assist bar and support one's body during normal and emergency procedures on a ride and to use one's legs to brace to maintain a seated position during the ride.

Functioning Arm: is a full arm with the ability to be flexed at the elbow and a minimum of three full fingers with the ability to hold on with a firm grip.

Functioning Leg: is a fully formed natural leg with a foot that has the ability to bend at the knee.

LOOSE ARTICLE POLICY:

"Loose articles are not permitted" on the following rides (El Toro, THE JOKER, Kingda Ka) and should be left with non-riders or secured in lockers. Loose articles of any kind (including but not limited to purses, backpacks, beverage containers, cell phones and keys) may not be taken past the queue entrance and cannot be left on the load/unload platform

Loose articles for the balance of rides such as cell phones, keys, or other small items must be secured in cargo pockets, zippered pockets. Article bins are available to be used at Dare Devil Dive, El Diablo, Great American Road Race, Houdini's Great Escape, Runaway Mine Train, Slingshot, and The Twister. All loose articles which cannot be secured must be locked in a locker, or left with a non-rider prior to entering the queue line.

If you have questions concerning whether you meet the manufacturer and safety restraint system requirements for certain attractions (concerning the ability to maintain proper riding position and/or the physical requirements with respect to functioning limb and gripping ability) you should visit the Ride Information Center inside the Park and ask about the Attractions Access Pass. A Team Member will review with you the attraction requirements and if you meet such requirements, will provide you with an Attractions Access Pass that you can use at each approved attraction to demonstrate to the Ride Operator that you meet the manufacturers and safety restraint system requirements.

Air Jumbo

RIDE DESCRIPTION: Mild Ride

A gentle circular ride with some up and down motion.

HEIGHT RESTRICTION: Riders must be at least 48"/122cm tall to ride unaccompanied. Guests under 48"/122cm may ride if accompanied by a responsible person.

PHYSICAL REQUIREMENTS: Each rider must maintain in an upright seated position with their back against the seatback during the duration of the ride and their arms, hands, legs, and feet inside the ride vehicle at all times. In addition, riders must possess at least one (1) naturally fully formed and functioning arm absent of prosthetic devices and one (1) naturally fully formed and functioning leg absent of prosthetic devices.

Casts may not restrict the rider from bending the elbow or knee, and may not restrict the restraints in any way.

Riders using a wheelchair must transfer from the wheelchair onto the ride.

RIDE ACCESS: Guests using a manual or electric wheelchair or an ECV should proceed to the exit and present a valid Attractions Access Pass to a Team Member at the exit.

LOOSE ARTICLE POLICY: Loose articles are permitted on this ride.

Air Safari

RIDE DESCRIPTION: Mild Ride

A gentle circular ride with some up and down motion.

HEIGHT RESTRICTION: Riders must be at least 48"/122cm tall to ride unaccompanied. Guests under 48"/122cm may ride if accompanied by a responsible person.

PHYSICAL REQUIREMENTS: Each rider must maintain in an upright seated position with their back against the seatback during the duration of the ride and their arms, hands, legs, and feet inside the ride vehicle at all times. In addition, riders must possess at least one (1) naturally fully formed and functioning arm absent of prosthetic devices and one (1) naturally fully formed and functioning leg absent of prosthetic devices.

Casts may not restrict the rider from bending the elbow or knee, and may not restrict the restraints in any way.

March 20, 2018

Riders using a wheelchair must transfer from the wheelchair onto the ride.

RIDE ACCESS: Guests using a manual or electric wheelchair or an ECV should proceed to the exit and present a valid Attractions Access Pass to a Team Member at the exit.

LOOSE ARTICLE POLICY: Loose articles are permitted on this ride.

BATMAN: The Ride

RIDE DESCRIPTION: High Thrill

An exciting ride with high speeds, steep drops, fast turns, inverted loops and sudden stops.

HEIGHT RESTRICTION: Riders must be at least 54"/137 cm tall to ride this ride.

PHYSICAL REQUIREMENTS: Each rider must maintain in an upright seated position with their back against the seatback during the duration of the ride and their arms, hands, legs, and feet inside the ride vehicle at all times. In addition, riders must possess two (2) naturally fully formed and functioning arms absent of prosthetic devices and two (2) legs to the knee **OR** one (1) naturally fully formed and functioning arm absent of prosthetic devices and two (2) naturally fully formed and functioning legs absent of prosthetic devices.

Prosthetics are not permitted.

Casts are not permitted

Riders using a wheelchair must transfer from the wheelchair onto the ride.

Riders who do not meet the extremity requirements may be able to ride BATMAN: The Ride by utilizing a full body harness, if all other requirements are met.

SIZE LIMITATION: Due to the design of the seating safety device on this ride, exceptionally large or tall people may not be able to ride. A test seat is available at the ride entrance.

RIDE ACCESS: Guests using a manual or electric wheelchair or an ECV should proceed to the Ride Entrance Attendant and present a valid Attractions Access Pass to receive a wait time. Guests may utilize the ride exit ramp after their time has elapsed.

LOOSE ARTICLE POLICY: Loose articles are not permitted on the ride and must be secured in cargo pockets or zippered pockets. All loose articles which cannot be secured must be locked in a locker, or left with a non-rider prior to entering the queue line.

Big Wheel

RIDE DESCRIPTION: Mild Ride

A ride with a circulating motion and frequent stops.

HEIGHT RESTRICTION: Riders must be at least 42"/107cm tall to ride unaccompanied. Guests under 42"/107cm may ride if accompanied by a responsible person.

PHYSICAL REQUIREMENTS: Each rider must maintain in an upright seated position with their back against the seatback during the duration of the ride and their arms, hands, legs, and feet inside the ride vehicle at all times.

Full leg or arm casts are permitted.

Single Riders are not permitted.

Lap children are permitted.

Riders using a wheelchair must transfer from the wheelchair onto the ride.

RIDE ACCESS: Guests using a manual or electric wheelchair or an ECV should proceed to the exit and present a valid Attractions Access Pass to the Ride Attendant to receive a wait time. Guest will board through the exit after their time has elapsed.

LOOSE ARTICLE POLICY: Loose articles are permitted on this ride.

BIZARRO

RIDE DESCRIPTION: High Thrill

An exciting roller coaster with high speed turns, steep drops inversions and sudden stops.

HEIGHT RESTRICTION: Riders must be at least 54"/137cm tall to ride.

PHYSICAL REQUIREMENTS: Each rider must maintain in an upright seated position with their head against the headrest during the duration of the ride and their arms, hands, legs, and feet inside the ride vehicle at all times. In addition, riders must possess two (2) naturally fully formed and functioning arms absent of prosthetic

devices and two (2) legs to the knee **OR** one (1) naturally fully formed and functioning arm absent of prosthetic devices and two (2) naturally fully formed and functioning legs absent of prosthetic devices.

Prosthetics are not permitted.

Casts are not permitted.

Riders using a wheelchair must transfer from the wheelchair onto the ride.

Strobe lights are present at this ride.

Riders who do not meet the extremity requirements may be able to ride BIZARRO by utilizing a full body harness, if all other requirements are met.

SIZE LIMITATION: Due to the design of the seating safety device on this ride, exceptionally large or tall people may not be able to ride. A special seat in Row 5 of each train is meant to accommodate Guests with larger body proportions.

RIDE ACCESS: Guests using a manual or electric wheelchair or an ECV should proceed to the Ride Entrance Attendant and present a valid Attraction Access Pass to receive a wait time. Guests may utilize the ride exit ramp after their time has elapsed.

LOOSE ARTICLE POLICY: Loose articles are not permitted on the ride and must be secured in cargo pockets or zippered pockets. All loose articles which cannot be secured must be locked in a locker, or left with a non-rider prior to entering the queue line.

Bugaboo

RIDE DESCRIPTION: Mild Ride

A ride around a track with gentle turns.

HEIGHT RESTRICTION: Riders must be under 54"/137cm tall to ride this ride.

PHYSICAL REQUIREMENTS: Each rider must maintain in an upright seated position with their back against the seatback during the duration of the ride and their arms, hands, legs, and feet inside the ride vehicle at all times. In addition, riders must possess at least one (1) naturally fully formed and functioning arm absent of prosthetic devices and one (1) naturally fully formed and functioning leg absent of prosthetic devices.

Casts may not restrict the rider from bending the elbow or knee, and may not restrict the restraints in any way.
Riders using a wheelchair must transfer from the wheelchair onto the ride.

RIDE ACCESS: Guests using a manual or electric wheelchair or an ECV should proceed to the exit and present a valid Attraction Access Pass to a Team Member at the exit.

LOOSE ARTICLE POLICY: Loose articles are permitted on this ride.

Bugs Bunny Barnstormer

RIDE DESCRIPTION: Moderate

A moderate ride/attraction with an elevated circular motion

HEIGHT RESTRICTION: Riders must be at least 42"/107cm tall to ride unaccompanied. Guests under 42"/107cm may ride if accompanied by a responsible person.

PHYSICAL REQUIREMENTS: Each rider must maintain in an upright seated position with their back against the seatback during the duration of the ride and their arms, hands, legs, and feet inside the ride vehicle at all times. In addition, riders must possess at least one (1) naturally fully formed and functioning arm absent of prosthetic devices and one (1) naturally fully formed and functioning leg absent of prosthetic devices.

No leg casts.

Arm casts may not restrict the rider from bending the elbow and may not restrict the restraints in any way.

Riders using a wheelchair must transfer from the wheelchair onto the ride.

Guest must be able to navigate down a ladder in the event of a ride evacuation.

Guest must be able to step up into ride unit.

RIDE ACCESS: Guests using a manual or electric wheelchair or an ECV should proceed to the exit and present a valid Attraction Access Pass to a Team Member at the exit.

LOOSE ARTICLE POLICY: Loose articles are permitted on this ride.

Bugs Bunny Camp Carousel

RIDE DESCRIPTION: Mild Ride

March 20, 2018

A ride that slowly moves in a circular manner with a mild up and down motion.

HEIGHT RESTRICTION: Riders must be under 54"/137cm tall to ride. Children under 36"/91cm must be accompanied by a responsible person. Adults over 54"/137cm may ride on the bench.

PHYSICAL REQUIREMENTS: Each rider must be able to remain sitting up straight, keeping their head upright. In addition, riders must possess at least one (1) naturally fully formed and functioning arm absent of prosthetic devices, one (1) naturally fully formed and functioning leg absent of prosthetic devices, and one (1) leg to the knee to utilize a horse. Riders utilizing a bench must have upper body control and be able to sit in an upright position.

Casts may not restrict the rider from bending the elbow or knee, and may not restrict the restraints in any way.

Riders using a wheelchair must transfer from the wheelchair onto the ride.

Lap children are permitted to ride on the bench.

Guest must be able to step up into ride unit.

RIDE ACCESS: Guests using a manual or electric wheelchair or an ECV should proceed to the exit and present a valid Attraction Access Pass to a Team Member at the exit.

LOOSE ARTICLE POLICY: Loose articles are permitted on this ride.

Bugs Bunny Ranger Pilots

RIDE DESCRIPTION: Moderate Ride

Counter-Clockwise up-down motion controlled by rider.

HEIGHT RESTRICTION: Riders must be under 54"/137 cm, but taller than 36"/91cm to ride.

PHYSICAL REQUIREMENTS: Each rider must maintain in an upright seated position with their back against the seatback during the duration of the ride and their arms, hands, legs, and feet inside the ride vehicle at all times. In addition, riders must possess at least one (1) naturally fully formed and functioning arm absent of prosthetic devices and one (1) naturally fully formed and functioning leg absent of prosthetic devices.

Casts may not restrict the rider from bending the elbow or knee, and may not restrict the restraints in any way.

Riders using a wheelchair must transfer from the wheelchair onto the ride.

Guest must be able to step up into ride unit.

RIDE ACCESS: Guests using a manual or electric wheelchair or an ECV should proceed to the exit and present a valid Attraction Access Pass to a Team Member at the exit.

LOOSE ARTICLE POLICY: Loose articles are permitted on this ride.

Carousel

RIDE DESCRIPTION: Mild Ride

A ride that slowly moves in a circular manner with a mild up and down motion.

HEIGHT RESTRICTION: Riders must be at least 42"/107cm tall to ride unaccompanied. Guests under 42"/107cm may ride if accompanied by a responsible person.

PHYSICAL REQUIREMENTS: Each rider must be able to remain sitting up straight, keeping their head upright. In addition, Riders must possess at least one (1) naturally fully formed and functioning arm absent of prosthetic devices, one (1) naturally fully formed and functioning leg absent of prosthetic devices, and one (1) leg to the knee to utilize a horse/cockerel.

Casts may not restrict the rider from bending the elbow or knee, and may not restrict the restraints in any way.

Riders using a wheelchair must transfer from the wheelchair onto the ride.

Guest must be able to step up into ride unit.

SIZE LIMITATION: Due to the design of the seating safety device on this ride, exceptionally large or tall people may not be able to ride. Guests who cannot be accommodated by the seat belt may still ride by standing in between horses.

RIDE ACCESS: Guests using a manual or electric wheelchair or an ECV should proceed to the exit and present a valid Attraction Access Pass to a Team Member at the exit.

LOOSE ARTICLE POLICY: Loose articles are permitted on this ride.

Congo Rapids

RIDE DESCRIPTION: Moderate Ride

A family raft ride through white water with splashes and turns.
