

SAFETY & ACCESSIBILITY GUIDE

FOR MORE INFORMATION PLEASE VISIT GUEST RELATIONS

INTRODUCTION:

We are thrilled you have chosen to spend your day at Six Flags! Our goal is to make your visit fun and memorable. This Six Flags Guest Safety and Accessibility Guide includes important information to assist Guests with planning their visit to the park and enjoy its various attractions, rides, services and amenities. In this Guide, Guests will find specific information for individuals with disabilities along with general policies and guidelines.

We work closely with the manufacturer of each of our rides and our policies incorporate the manufacturers' guidelines as well as the requirements of the Americans With Disabilities Act. We hope that this Guide will help Guests make the best choices to ensure a safe, comfortable and convenient experience at the park. If, at any time, Guests need additional assistance or a further explanation of our policies and guidelines, they should feel free to ask any Six Flags Team Member.

Our goal is to safely and efficiently accommodate the needs of all Guests, including individuals with disabilities. This Guide, along with the availability of our Team Members to answer any questions and offer assistance, will allow Guests to have a thrilling and safe day at the park.

GENERAL WARNING:

We are committed to providing you a safe environment during your visit to Six Flags. While there are inherent risks to participating in any amusement park ride or attraction, our goal is to ensure your safety with the incorporation of some restrictions. For your safety, you should be in good health to ride. Only you know your physical conditions or limitations.

Many amusement park rides incorporate safety systems designed by the manufacturer to accommodate people of average physical stature and body proportion. These safety systems may place restrictions on the ability of a Guest to safely be contained within the ride restraint. Extremely large or small individuals, Guests who have heart, back or neck trouble or conditions, pregnant women, people who have had recent surgery or an illness, people with casts, braces, restrictive devices or certain disabilities may not be safely accommodated by certain ride systems. For example, height requirements are based on the size needed for safety restraints to

function properly and the level of maturity usually associated with a certain height.

If you suspect your health could be at risk for any reason, or you could aggravate a pre-existing condition of any kind, **DO NOT RIDE**. The specific features, rider requirements and health restrictions of each ride are described later in this Guide.

In order to ride, all Guests must be able to maintain the proper riding position, meet the ride requirements and appropriately utilize the restraint systems, including lap bars, shoulder harnesses and seatbelts as indicated. All Guests must also be able to demonstrate a willingness and ability to comply with verbal and written rider requirements.

Six Flags reserves the right to make the final determination regarding eligibility of a Guest to ride a particular ride based on the Guest's size, weight, height or other limitations. Information in this Guide is subject to change.

RIDER RESPONSIBILITY:

All Guests have a duty to exercise good judgment and act in a responsible manner while participating on a ride or attraction and to obey all verbal and written warnings and instructions. Guests also have a duty to properly use all ride and attraction safety equipment provided.

PARKING:

Accessible parking is available on a first-come, first-serve basis within the main parking lots of the park. When you arrive at the parking toll booths, ask a Team Member for instructions regarding where to proceed to the accessible parking lot. Both auto and van accessible spaces are provided. A valid disabled persons parking placard or license plate must be displayed at all times while parked in the designated accessible parking area. If the designated accessible parking area is full at the time of your arrival, members of your party may be dropped off at the main pick-up/drop-off area, near the main entrance to the park. Please ask a Team Member for directions to additional parking areas.

WHEELCHAIRS AND ELECTRIC CONVENIENCE VEHICLES (ECV'S):

Wheelchairs and electric convenience vehicles (ECV's) are available for rent at the Rental Shop. A deposit is also required.

Guests may also use their own wheelchairs or ECV's. If you need to take the rented wheelchair or ECV outside of the park, a Team Member escort is necessary to do so. Please ask for assistance from one of our team members. Battery recharging is also available at Hospitality. ECV's must be operated in a safe manner, only one person may be on the ECV while moving, must have 3 wheels and cannot exceed 5 miles per hour while moving in the park or on Six Flag's property.

Guests using wheelchairs or ECV's may utilize any ticket window and designated turnstiles to enter the park. Many of the park's shopping and dining facilities are also wheelchair accessible. Many of the rides and attractions have queues that are accessible to Guests using manual wheelchairs. If an alternate entrance is required, these entrances are generally at the ride exit and are identified by a sign with the universal wheelchair symbol. Please keep in mind that there are specific boarding requirements and accommodations for those using wheelchairs at each ride or attraction.

SEGWAY:

Due to varying walkways, terrains and large crowds, we cannot permit the use of two-wheeled, self-balancing electric vehicles such as Segways. We are pleased to offer other forms of transportation, including ECV's and standard wheelchairs. Please contact Guest Relations for more information.

SERVICE ANIMALS:

Trained service animals are welcome at our Six Flags Theme Parks. Service animals are defined as dogs that are individually trained to do work or perform tasks for people with disabilities. Examples of such work or tasks include guiding people who are blind, alerting people who are deaf, pulling a wheelchair, alerting and protecting a person who is having a seizure, reminding a person with mental illness to take prescribed medications, calming a person with Post

Traumatic Stress Disorder (PTSD) during an anxiety attack, or performing other duties. Service animals are working animals, not pets. The work or task a dog has been trained to provide must be directly related to the person's disability. Dogs whose sole function is to provide comfort or emotional support do not qualify as service animals. Miniature horses that have been individually trained to do or perform tasks for people with disabilities will qualify as service animals.

Service animals must be house broken and remain on a leash or harness and under the control of their handler at all times. Guests whose service animal demonstrates aggressive and/or annoying actions toward a Guest or Team Member will be directed to remove the animal from the park.

Service animals are welcome in most locations of the park. Most of our rides are not equipped or designed for accessibility to service animals. Therefore, a member of your party must be available to stay with the animal while you ride.

Haunted Mazes:

Guests with service animals, please note that these attraction uses loud noises, theatrical lighting, special effects, and sudden moments intended to provide our guests with a thrilling experience. We rely on you to determine whether this attraction is appropriate for your service animal to experience. We remind guests with service animals that they must maintain full control of their service animal at all times while in the Park.

Guests may take advantage of our Kid Swap policy for staying with their service animal. However, park Team Members will not take responsibility for, or provide care to any service animal. Refer to the section on Kid Swap for more information.

A Service Animal "Relief Area" is located in the grassy area across from Skycoaster by First Aid. Owners are responsible for disposing of their animal's waste. Please look for this designated sign:

RESTROOMS:

Most restrooms within the park are accessible for Guests using wheelchairs. Please check the park map for locations. The park's Team Members or Guest Relations can provide location directions should you need companion restrooms during your visit.

ALTERNATE ACCESS:

Most of the park's theaters, attractions, restaurants and shops are accessible to wheelchairs. Most, if not all rides require transfer from the wheelchair to the ride seat. Special access entrances are available to accommodate Guests with mobility aides and service animals. These special entrances are generally at the ride exit and are identified by a sign with the universal wheelchair symbol.

Entry, Exit and Transfer must be accomplished independently by the Guest or with the assistance of a member from his/her party. Six Flags Team Members are not trained in lifting or carrying persons with disabilities and are therefore not permitted to assist Guests on or off the rides. Not all rides have alternate access. If in doubt, please contact the Ride Attendant or Hospitality for more information.

ATTRACTION ACCESSIBILITY PROGRAM:

Our goal is to safely accommodate the needs of all Guests. Our policies comply with the Americans with Disabilities Act (ADA) and applicable state laws.

Six Flags' Attraction Accessibility Program is designed to accommodate guests with disabilities or certain other qualifying impairments so they may participate in the enjoyment of our Parks. Each attraction at Six Flags has been evaluated for the criteria necessary for an individual to ride safely. Our ridership criteria (set forth on page 7 of this Guide) is based on the requirements of the attraction manufacturer and the ability of guests to utilize all safety restraints and devices as designed, while maintaining the proper riding position throughout the duration of the ride. It is our policy to allow anyone to ride who meets all of these requirements and does not cause or create a legitimate safety concern to herself/himself or others. Our Attraction Accessibility Program matches the individual abilities of our guests to the ridership criteria for each attraction.

The Attraction Accessibility Program is an accommodation designed to provide equal access to Park attractions and not to bypass other guests waiting in the standard queue.

The following procedures apply to guests who wish to participate in our Attraction Accessibility Program:

1. Guests can visit Hospitality to obtain Great Escape's Safety & Accessibility Guide to review the rider requirements of each ride or attraction. This Guide is also available on our website at www.sixflags.com.
2. To obtain an Attraction Access Pass guests with disabilities, mobility impairments or certain other qualifying impairments should visit Hospitality inside the Park. Such guest will be required to present a valid doctor's note in order to receive an Attraction Access Pass. The doctor's note must include the name of the individual requesting the AAP, doctor's name, address, phone number and their signature on their letter head that includes their medical ID number, along with a statement indicating the guest has a disability or other qualifying impairment under the Americans with Disabilities Act (ADA) and/or applicable state law that prevents the guest from waiting in a standard queue. Please note that the nature of the disability should not be provided in the doctor's note. If the disability is of a temporary nature, the doctor's note should state the time period of the temporary disability. A photo identification must be presented at the time of issuances, (for children 12 and under, photo ID of the parent or guardian would be accepted).
3. In an effort to provide equal treatment to all of our guests, only those guests with a disability or other qualifying impairment and up to three (3) riding companions will be allowed to access attractions through the alternate entrance. If the guest's party is larger than four (4) guests, the other members of the party will be required to enter the ride or attraction through the standard queue.
4. To use the Attraction Access Pass, the guest should proceed to the attraction's alternate entrance and show the attraction attendant the Attraction Access Pass. The attraction attendant will document a reservation time that is

comparable to the current wait time for the same ride/attraction. The guest, and up to three (3) riding companions, can then return to the attraction, using the alternate entrance, at the time of the reservation in order to ride.

A guest using an Attraction Access Pass may rest in a comfortable location or enjoy other attractions in the area until the assigned reservation time has come or when the others from the guest's party waiting in the standard queue reach the boarding platform. There is a 15 minute grace period for late arrivals.

A guest with an Attraction Access Pass must ride in order for the guest's companions to utilize the Attraction Access Pass to enter the attraction through the alternate entrance. If the guest with an Attraction Access Pass chooses not to ride, the guest's companions must wait in the standard queue.

Attraction Access Passes are not designed to bypass or "skip" the standard queue and the wait will be equal to the posted wait times. Individuals found to be fraudulently using the Attraction Access Pass will be in violation of our Guest Code of Conduct and may be subject to civil penalties. Violators may also be asked to leave the Park without any refund.

Attraction Access Passes are not available for use in Food, Retail, paid attractions as well as the Waterpark

PERSONAL CARE ATTENDANT:

We welcome guests with special needs, and we are always happy to help make the day a comfortable and memorable one. Guests with disabilities who require the assistance of a Personal Care Attendant (PCA) in order to enjoy equal access to the park may request that The Great Escape waive the cost of admission for his/her PCA. When you purchase your tickets, ask any Guest Relations team for a "PCA Reasonable Accommodation Request Form."

MEDICAL DEVICES AND MOBILITY AIDES:

For your safety and the safety of others, riders may be required to remove medical devices, half or full length orthotics, braces, crutches, canes, prosthetics and any other type of medical assistance device that is not permanently affixed to the rider's body

to prevent hazards or loss due to ride forces. These devices prevent safety restraints from working as designed, keep the rider from maintaining the proper riding posture, and present a hazard to the rider or others. If in doubt about your ability to safely experience a ride or attraction, please refer to the Rider Requirement Sign at the ride entrance. You may also consult with a Ride Attendant or Guest Relations for more information.

Please also refer to the "Ride Information" section of this Guide for specific information regarding removal of medical devices and mobility aides on a ride by ride basis. If you have any questions, please ask a Ride Attendant or visit Guest Relations.

LARGER FRAMED GUESTS:

Many rides incorporate safety systems designed by the manufacturer to accommodate people of average physical stature and body proportion. These systems may place restrictions on the ability of an individual to safely experience the ride

In order to ride, all seatbelts, lap bars, and shoulder harnesses must be positioned and fastened properly. Due to rider restraint system requirements, Guests of a larger size may not be accommodated on some rides.

KID SWAP:

The Kid Swap program is designed to accommodate groups with younger children who may not be tall enough to ride some attractions. To participate: 1) The entire party should enter the ride queue; 2) When preparing to board, tell the Ride Attendant you are using the Kid Swap program; 3) Children who are not tall enough to ride may wait at the exit with an adult from your party; 4) After the first ride is completed, the adult who waited with the child will be allowed to ride.

RIDE RATINGS AND WARNINGS:

RIDE RATINGS AND WARNINGS:

Ride warning signs can be found at the entrance of each ride to help determine the attractions that are best for Guests based upon their experience level, physical condition and abilities. Information on each ride can also be found on the Park Map and Guide

GENERAL INFORMATION

FRIGHT FEST:

Theatrical fog effects, areas of low lighting, loud music, sound effects, and theatrical and strobe lighting are used throughout the park during Fright Fest. This includes streets, midways, outdoor scare zones, mazes and haunted houses both indoor and outdoor, live entertainment venues and children's attractions.

Guests with respiratory sensitivities, history of seizures or epilepsy, or sensitivities to latex, loud music and sound effects are advised not to participate in these attractions. Please adhere to all posted and verbal warnings and directions.

FAMILY SERVICES/NURSING MOTHERS:

A private room for nursing mothers is available between the restrooms near the Grand Carousel and at First Aid. Baby changing areas can be found in most restrooms. A companion restroom is located in the Red Garter Saloon and First Aid. Please feel free to ask a Team Member for directions to these locations or review a park map.

HEARING DISABILITIES:

American Sign Language Interpreting will be available if requested at least 7 days in advance of your visit. To arrange for sign language interpreting services, please call the Operations Office at 518-792-3500 ext. 3410 Monday through Friday 9:00am to 5:00pm.

VISUAL IMPAIRMENTS:

Guests with Visual Impairments that require assistance from a family member, friend, companion and or an aid (Care Attendant) will be provided a complimentary ticket for their Care Attendant. The Guest & Care Attendant should visit Guest Relations to obtain the complimentary ticket after a ticket is purchased by the Guest. The requirement to obtain the complimentary ticket is as follows: the Guest would have to present a valid doctor's note in order to receive the complimentary ticket for the Care Attendant. The doctor's note must include the name of the persons requesting the complimentary ticket, the doctor's name, address, phone number and their signature on their letterhead that includes their medical ID number, along with a statement indicating the Guest has a disability or other qualifying impairment under the Americans with disabilities Act (ADA).

PREGNANCY:

Guests who know or believe they may be pregnant should follow all rules, guidelines and restrictions listed for each ride. Those who are pregnant should not ride a ride that specifically lists pregnancy as a rider restriction. Please closely review all rules and guidelines at the entrance of each ride.

FOOD DRINKS AND COOLERS:

Food, beverages, coolers and grills may not be brought into the park. The only food exceptions is for food allergies as describe below and infant food, in non-glass jars.. Great Escape prohibits the use of grills and open flames in and around the property, including parking lots.

FOOD ALLERGIES:

Guests who suffer from sensitive or life-threatening allergies may bring food into the park if they do not feel comfortable with the menu options available. In this case, the food must be limited to the individual with the allergy and may contain: two sealable sandwich bags (7 inch by 8 inch) and one snack to accommodate their visit(such as a piece of fruit, or a fruit bar, or a snack that fits in a sandwich bag). One small soft-sided cooler may be brought into the park to carry these items. No outside beverages are permitted. Please see Security at Metal Detection to receive a medical sticker.

OXYGEN TANKS/AIR CONCENTRATORS:

Due to the dynamics and certain characteristics of the rides, oxygen tanks or portable systems are not permitted on most of our rides and attractions. Oxygen tanks are permitted in enclosed facilities. For your convenience, the park's First Aid station(s) will be able to appropriately store your additional oxygen tanks during your visit.

SPECIAL EFFECTS AT THEATERS, RIDES AND ATTRACTIONS:

Theatrical fog and other effects, including but not limited to: haze and other atmospheric effects, scents, areas of low lighting, loud music, sound effects, theatrical lighting and strobe lighting may be used at various locations in the park such as theaters and during Fright Fest. Guests with respiratory sensitivities, history of seizure or epilepsy, or sensitivities to latex, loud music and sound effects are advised not to participate in these attractions. Please adhere to all posted and verbal warnings and directions.

RIDE INFORMATION

CAMERAS:

Picture taking and the use of cameras and video recording devices is not permitted on any ride, while it is in motion. It is encouraged that Guests leave their equipment with a non-rider or secure it in a locker or their vehicle. Lockers are available to store items for a nominal fee. Guests must have written permission to use photographs and/or recordings of any aspect of the park for commercial broadcasting, advertising, marketing, or publishing in any medium.

RIDE EVACUATIONS:

If a ride evacuation is necessary, Guests may need to negotiate stairs from the highest points of the ride down steeply inclined stairs or walking surfaces. Guests requiring assistance during the ride evacuation may be escorted last in order to expedite the ride evacuation process. Please ask a Ride Attendant about the specific procedures prior to boarding a particular ride.

Definitions: Every ride entrance lists height requirements and special instructions regarding the ride. Six Flags uses the following terms:

Responsible Person: A responsible person is someone who meets all the requirements to ride the ride themselves and is at least 54" tall or taller.

Accompanied By: Whenever a Guest needs accompaniment, the accompanying person must meet all the ride requirements and be able to assist the Guest including helping the Guest to board and exit the ride and assisting the Guest down stairs, catwalks, or ladders in case of an evacuation.

Lap Child: A lap child is a child who is unable to walk to the ride independently or maintain independent seated postural control.

Functioning Extremity: A functioning extremity is a limb over which a person has control. A prosthetic device is not considered a functioning extremity. Six Flags has additional requirements regarding prosthetic devices. Please see the information for each specific ride in the Ride Information section for this Guide.

Ability to hold on or brace: Ability to use one's arms to maintain a grasp on an assist bar and support one's body during normal and emergency procedures on a ride and to use one's legs to brace to maintain a seated position during the ride.

Functioning Arm: is a full arm with the ability to be flexed at the elbow and a minimum of three full fingers with the ability to hold on with a firm grip.

Functioning leg: is a fully formed natural leg with a foot, absent of prosthetic devices with the ability to be bent at the knee.

If you have questions concerning whether you meet the manufacturer and safety restraint system requirements for certain attractions (concerning the ability to maintain proper riding position and/or the physical requirements with respect to functioning limb and gripping ability) you should visit the Hospitality Center inside the Park and ask about the Ride Accessibility Pass.

A Team Member will review with you the attraction requirements and if you meet such requirements, will provide you with an Attractions Access Pass that you can use at each approved attraction to demonstrate to the Ride Operator that you meet the manufacturers and safety restraint system requirements.

LOOSE ARTICLE POLICY:

Loose articles are not permitted" on the following rides (Flashback, Greezed Lightnin, Sasquatch, Alpine Bobsled) and should be left with non-riders or secured in lockers. Loose articles of any kind (including but not limited to purses, backpacks, beverage containers, cell phones and keys) may not be taken past the queue entrance and cannot be left on the load/unload platform.

Loose articles for the balance of rides such as cell phones, keys, or other small items must be secured in cargo pockets, zippered pockets. Article bins are available to be used at Dare Devil Dive, Sky Ride, The Comet, Raging River, Desperado Plunge, Canyon Blaster and Steam Demon. All loose articles which cannot be secured must be locked in a locker, or left with a non-rider prior to entering the queue line.

Items lost inside ride perimeters may not be retrieved until after the park has closed or that there is no guarantee an item will/can be returned the same day it is lost

Alpine Bobsled

A high thrill, fast moving coaster ride with quick drops and fast turns and sudden stops.

Height Restriction: Guests must be at least 42" tall to ride.

Physical Requirements: Each rider must maintain in an upright seated position with their back against the seatback during the duration of the ride and their arms, hands, legs, and feet inside the ride vehicle at all times. Riders must have at least three functioning extremities - one functioning arm and two functioning legs or one functioning leg and two functioning arms. No leg casts that extend above the knee. Riders must step up and down into the ride vehicle and will need to transfer from a wheelchair to the ride vehicle.

Ride Access: Guests using a manual or electric wheelchair or an ECV should proceed to the exit and present a valid Attraction Access Pass to a Team Member at the exit to receive a wait time. (A ramp is available for access through the entrance.)

Loose Article Policy: Loose articles are not permitted on the ride and must be secured in cargo pockets or zippered pockets. All loose

articles which cannot be secured must be locked in a locker, or left with a non-rider prior to entering the queue line.

Balloon Race

A mild, family ride with circulating motion with frequent stops.

Height Restriction: Guests must be at least 48" tall to ride alone. Guests less than 48" tall must be accompanied by a Guest more than 54" tall. Children must be able to sit up alone to ride. Infants are not permitted.

Physical Requirements: Each rider must maintain in an upright seated position with their back against the seatback during the duration of the ride and their arms, hands, legs, and feet inside the ride vehicle at all times. Riders must have at least one functioning arm and one functioning leg. No leg casts. Riders must step up and down into the ride vehicle and will need to transfer from a wheelchair to the ride vehicle.

Ride Access: Guests using a manual or electric wheelchair or an ECV should proceed to the exit and present a valid Attraction Access Pass to a Team Member at the exit to receive a wait time. (The ride entrance is available for access.)

Loose Article Policy: Loose articles are permitted on this ride

Blizzard

A moderate, indoor ride with lights, sound and a quick circular motion.

Height Restriction: Guest must be at least 48" tall to ride alone. Guests more than 36" tall and less than 48" tall must be accompanied by a Guest at least 54" tall.

Physical Requirements: Each rider must maintain in an upright seated position with their back against the seatback during the duration of the ride and their arms, hands, legs, and feet inside the ride vehicle at all times. Riders must have at least one functioning arm and one functioning leg. No leg casts that extend above the knee. Riders must be able to stabilize themselves and the safety belt must be able to function as intended. Riders must step up and

down into the ride vehicle and will need to transfer from a wheelchair to the ride vehicle. Strobe lights in use.

Ride Access: Guests using a manual or electric wheelchair or an ECV should proceed to the exit and present a valid Attraction Access Pass to a Team Member at the exit to receive a wait time. (The ride entrance is available for access.)

Loose Article Policy: Loose articles are not permitted on the ride and must be secured in cargo pockets, zippered pockets, or on the side. All loose articles which cannot be secured must be locked in a locker, or left with a non-rider prior to entering the queue line.

Flashback

A high thrill, exciting ride with high speeds, steep drops, fast turns, inverted loops and a sudden stop.

Height Restriction: Guests must be at least 48" tall to ride.

Physical Requirements Each rider must maintain in an upright seated position with their head against the headrest during the duration of the ride and their arms, hands, legs, and feet inside the ride vehicle at all times. Riders must have at least one functioning arm and one functioning leg. No leg casts. Riders must step up and down into the ride vehicle and will need to transfer from a wheelchair to the ride vehicle.

Ride Access: Guests using a manual or electric wheelchair or an ECV should proceed to the exit and present a valid Attraction Access Pass to a Team Member at the exit to receive a wait time. Guests must navigate the exit stairs in order to access the ride. (A ramp is available for access through the entrance.)

Loose Article Policy: Loose articles are not permitted on the ride and must be secured in cargo pockets or zippered pockets. All loose articles which cannot be secured must be locked in a locker, or left with a non-rider prior to entering the queue line.

Cannonball Express

A moderate ride with a circulating, up and down motion.

Height Restriction: Guests must be at least 48" tall to ride.

Physical Requirements: Each rider must maintain in an upright seated position with their back against the seatback during the duration of the ride and their arms, hands, legs, and feet inside the ride vehicle at all times. Riders must have at least one functioning arm and one functioning leg. No leg casts. Riders must step up and down into the ride vehicle and will need to transfer from a wheelchair to the ride vehicle.

Ride Access: Guests using a manual or electric wheelchair or an ECV should proceed to the exit and present a valid Attraction Access Pass to a Team Member at the exit to receive a wait time. (A ramp is available for access through the entrance.)

Loose Article Policy: Loose articles are not permitted on the ride and must be secured in cargo pockets, zippered pockets, or the article bin on the side. All loose articles which cannot be secured must be locked in a locker, or left with a non-rider prior to entering the queue line

Canyon Blaster

A moderate, exciting family roller coaster with drops and high speed turns.

Height Restriction: Guests must be at least 48" tall to ride alone. Guests more than 42" tall and less than 48" tall must be accompanied by a Guest more than 54" tall.

Physical Requirements: Each rider must maintain in an upright seated position with their back against the seatback during the duration of the ride and their arms, hands, legs, and feet inside the ride vehicle at all times. Riders must have at least three functioning extremities - one functioning arm and two functioning legs or one functioning leg and two functioning arms. No leg casts that extend

above the knee. Riders must step up and down into the ride vehicle and will need to transfer from a wheelchair to the ride vehicle.

Ride Access: Guests using a manual or electric wheelchair or an ECV should proceed to the exit and present a valid Attraction Access Pass to a Team Member at the exit to receive a wait time.

Loose Article Policy: Loose articles are not permitted on the ride and must be secured in cargo pockets, zippered pockets, or the article bin on the side. All loose articles which cannot be secured must be locked in a locker, or left with a non-rider prior to entering the queue line

Condor

A moderate ride that spins and tilts to the top of an elevated tower.

Height Restriction: Guests must be at least 54" tall to ride alone. Guests less than 54" tall must be accompanied by a Guest more than 54" tall. Children must be able to sit up alone to ride. Infants are not permitted.

Physical Requirements: Each rider must maintain in an upright seated position with their back against the seatback during the duration of the ride and their arms, hands, legs, and feet inside the ride vehicle at all times. Riders must have at least one functioning arm and one functioning leg. Riders must step up and down into the ride vehicle and will need to transfer from a wheelchair to the ride vehicle.

Ride Access: Guests using a manual or electric wheelchair or an ECV should proceed to the exit and present a valid Attraction Access Pass to a Team Member at the exit to receive a wait time. (The ride entrance is available for access.)

Loose Article Policy: Loose articles are not permitted on the ride and must be secured in cargo pockets, zippered pockets, or on the side. All loose articles which cannot be secured must be locked in a locker, or left with a non-rider prior to entering the queue line.

Convoy

A mild ride around a track with gentle turns.

Height Restriction: Guests must be at least 36" tall to ride alone. Guests less than 36" tall must be accompanied by a Guest more than 54" tall. Guests more than 54" tall must be accompanied by a Guest less than 54" tall. Children must be able to sit up alone to ride. Infants are not permitted.

Physical Requirements: Each rider must maintain in an upright seated position with their back against the seatback during the duration of the ride and their arms, hands, legs, and feet inside the ride vehicle at all times. Riders must have at least one functioning arm and one functioning leg. No leg casts. Riders must be able to stabilize themselves and the safety belt must be able to function as intended. Riders must step up and down into the ride vehicle and will need to transfer from a wheelchair to the ride vehicle.

Ride Access: Guests using a manual or electric wheelchair or an ECV should proceed to the exit and present a valid Attraction Access Pass to a Team Member at the exit to receive a wait time. (A ramp is available for access through the entrance.)

Loose Article Policy: Loose articles are permitted on this ride.

Desperado Plunge

A moderate family raft ride with turns, drops and splashes.

Height Restriction: Guests must be at least 46" tall to ride alone. Guests less than 46" tall must be accompanied by a Guest more than 54" tall. Children must be able to sit up alone to ride. Infants are not permitted. Personal flotation devices may be requested prior to boarding the ride. Please see the ride attendant for more information.

Physical Requirements: Each rider must maintain in an upright seated position during the duration of the ride and their arms, hands, legs, and feet inside the ride vehicle at all times. Riders must have at least one functioning arm and one functioning leg. No leg casts that extend above the knee. Riders must possess full body control and the ability to support themselves. Riders must step up and down

into the ride vehicle and will need to transfer from a wheelchair to the ride vehicle.

Ride Access: Guests using a manual or electric wheelchair or an ECV should proceed to the exit and present a valid Attraction Access Pass to a Team Member at the exit to receive a wait time. Guests must navigate the exit stairs in order to access the ride.

Loose Article Policy: Loose articles are not permitted on the ride and must be secured in cargo pockets, zippered pockets, or the article bin on the side. All loose articles which cannot be secured must be locked in a locker, or left with a non-rider prior to entering the queue line

Extreme Supernova

A moderate ride with circular motion that swings side to side and elevates.

Height Restriction: Guests must be at least 48" tall to ride.

Physical Requirements: Each rider must maintain an upright seated position with their head against the headrest during the duration of the ride and their arms, hands, legs, and feet inside the ride vehicle at all times. Riders must have at least one functioning arm and one functioning leg. No leg casts. For your safety and the safety of others, riders must remove medical devices including half or full length orthotics, braces, crutches, canes, prosthetics and any other type of medical assistance device that is not permanently affixed to the rider's body to prevent hazards or loss due to ride forces. Riders must be accommodated by the restraint and the safety belt must be able to function as intended. Riders must step up and down into the ride vehicle and will need to transfer from a wheelchair to the ride vehicle.

Ride Access: Guests using a manual or electric wheelchair or an ECV should proceed to the exit and present a valid Attraction Access Pass to a Team Member at the exit to receive a wait time. (The ride entrance is available for access.)

Loose Article Policy: Loose articles are not permitted on the ride and must be secured in cargo pockets, zippered pockets, or on the side. All loose articles which cannot be secured must be locked in a locker, or left with a non-rider prior to entering the queue line.

Flying Trapeze

A moderate ride with elevated circular motion.

Height Restriction: Guests must be at least 42" tall to ride.

Physical Requirements: Each rider must maintain in an upright seated position with their back against the seatback during the duration of the ride and their arms, hands, legs, and feet inside the ride vehicle at all times. Riders must have at least one functioning arm and one functioning leg. Riders must step up and down into the ride vehicle and will need to transfer from a wheelchair to the ride vehicle.

Ride Access: Guests using a manual or electric wheelchair or an ECV should proceed to the exit and present a valid Attraction Access Pass to a Team Member at the exit to receive a wait time. (The ride entrance is available for access.)

Loose Article Policy: Loose articles are not permitted on the ride and must be secured in cargo pockets, zippered pockets, or on the side. All loose articles which cannot be secured must be locked in a locker, or left with a non-rider prior to entering the queue line.

Frankie's Mine Train

A moderate family coaster with gentle drops and quick turns.

Height Restriction: Guests must be at least 42" tall to ride alone. Guests less than 42" tall must be accompanied by a Guest more than 54" tall. Guests more than 54" tall must be accompanied by a Guest less than 54" tall. Children must be able to sit up alone to ride. Infants are not permitted.
