### Preparing for your party

- ***For safety of your pets and our animals, please securely contain any pets in a separate area away from where the party will be taking place.***
- If party is not at your home or you are renting a location, please make sure the venue/landlord allows live animals.
- Arrival time will be 15-30 minutes prior to party start time. This will allow the Safari Staff time to set up. We will take the same amount of time to break down and pack up as well.
- We come with cleaning supplies, hand sanitizer, food and water for the animals, a folding table, artifacts, an 8'x8' display and 8'x 3' vertical banner (if room allows), a tarp to lay on the ground and 2-3 Safari Programs team members.
- Due to the amount that we are unloading and loading, **we cannot go up flights of stairs.** If you live in an apartment complex please let us know where the elevator is located and meet us at the front of the building.
- **We ask that parents or guardians assist with any rules or directions that are given by the Safari Programs Staff.**

### FAQ's

#### **What animals do you bring and can we touch them?**

We have a wide variety of snakes, lizards, parrots, birds of prey and small exotic mammals. One of each will be attending your party. Just like people, animals have their own personalities. The animals we bring will vary per program based on availability, behavior and health. NJ is a no touch state and only the reptiles will be available for touching.

#### **What if there is inclement weather, like snow?**

If the weather is forecasted to have an accumulating snow we can reschedule to a different date or refund. For the safety of the staff and animals we do not travel in inclement conditions.
