Record-Breaking Attractions and Industry's Foremost Rewards Program Highlight 2019 Season

GRAND PRAIRIE, Texas — August 30, 2018 — [Six Flags Entertainment Company](#) (NYSE:SIX) — the world's largest regional theme park company and the largest operator of waterparks in North America — today announced a sweeping collection of world record-breaking roller coasters and family attractions, along with massive park upgrades and rebrands for the 2019 season. Additionally, Six Flags Season Pass Holders and Members can look forward to even more guest benefits and incredible new rewards next year.

"Year after year, Six Flags raises the bar to deliver unparalleled, world-class thrills for guests of all ages. Our 2019 lineup is by far the most comprehensive package of innovative rides, record-breaking attractions, and superior guest benefits in the industry," said Six Flags Chairman, President and CEO Jim Reid-Anderson. "The addition of five new parks greatly extends the company's national footprint and gives our ever-growing Season Pass and Membership base more opportunities to visit our parks to experience the world's biggest and most thrilling rides."

The Company is launching an impressive list of new offerings for the 2019 season:

- **West Coast Racers**, the world's first racing launch coaster — opening at [Six Flags Magic Mountain](#), the Thrill Capital of the World. Designed in partnership with the world famous West Coast Customs, this one-of-a-kind racing coaster will feature two side-by-side tracks with four individual high-speed launches. The race covers two complete laps, multiple airtime hills, extreme high-banked turns and exhilarating over/under near misses. A highlight of the ride is an immersive real time "pit stop" exclusively designed and produced by West Coast Customs. **West Coast Racers** will be the park's 20th roller coaster, which is more than any other theme park on the planet.
- [Six Flags Great Adventure](#), the World's Ultimate Thrill Park, will premiere one of the world's tallest pendulum rides, **Wonder Woman Lasso of Truth**. Measuring in at a staggering 17 stories tall, this jaw-dropping, spinning disk will reach speeds up to 75 miles per hour as it spins and swings back and forth to breathtaking heights. The massive pendulum propels 40 riders in counterclockwise circles with feet dangling from floorless seats as they whirl through the air.

- [Six Flags Great America](#), the Thrill Capital of the Midwest, will debut a revolutionary, triple record-breaking, new roller coaster for the 2019 season. **Maxx Force** will be the fastest launch coaster in North America, accelerating to 78 mph in less than two seconds. Maxx Force will feature the fastest inversion in the world with a Zero-G Roll more than 60 miles-per-hour and the highest double inversion of any roller coaster in the world at 175-feet above the ground. It will also feature one-of-a-kind custom coaster trains modeled after Formula 1 racing cars.
- [Six Flags Discovery Kingdom](#), the Thrill Capital of Northern California, is adding to its thrill arsenal with the park's most innovative new coaster to date — **Batman: The Ride** — themed after one of the world's most iconic DC Super Heroes. Riders on this 4D wing coaster will experience a sensory overload as they flip head-over-heels at least six times along a weightless, tumbling journey with unexpected drops and vertical free-falls.
- [Darien Lake](#), a new Six Flags Theme Park, and the Coaster Capital of New York, will debut the tallest attraction in the entire state — the all-new **Six Flags SkyScreamer**. This giant, 242-foot tall swing ride will reign as the region's new, iconic symbol, beckoning guests from near and far. **Six Flags SkyScreamer** swings riders round and round at 35 miles per hour, offering breathtaking views of the countryside below. Additionally, Darien Lake will be rebranded **Six Flags Darien Lake** when it opens next spring.
- [Wet n' Wild Splashtown](#), the largest waterpark in Houston, and [Wet 'n Wild Phoenix](#), the largest waterpark in Arizona, will each be rebranded **Six Flags Hurricane Harbor** for the 2019 season. Both of these lush, beautiful properties offer thrilling, high-speed waterslides and massive pools, along with playful kid-sized attractions for families and young children.
- [Six Flags America](#), DC's Thrill Capital, will launch **FIREBIRD**, the only floorless roller coaster in Maryland. This all-new coaster experience will take thrill-seekers through incredible twists, drops and inversions, all while seated in new, state-of-the-art floorless trains. **FIREBIRD's** exhilarating flight path takes off with an intense, nine-story drop, and features two thrilling inversions, high-banked curves with high-speed carousel and corkscrew rolls and an incredible figure-eight finale.
- [Six Flags Fiesta Texas](#), the Thrill Capital of South Texas, will debut the tallest and fastest spinning pendulum ride in the world. Named after the world's most iconic Super Villain, **The Joker Wild Card** delivers a unique brand of chaotic, dizzying fun for extreme thrill-seekers. Towering a record-breaking 17-stories tall, this impressive giant disk will reach speeds up to 80 miles per hour as it whips back and forth, and higher and higher, to give riders a spectacular view of the world below them. **The Joker Wild Card** will become the centerpiece of a newly themed DC Universe area. The park is also announcing year-round operation, adding winter weekends and holidays to its regular operating season.

- [Six Flags Mexico](#), the Thrill Capital of Mexico and Latin America is announcing fun for the entire family with the arrival of **DC SUPER FRIENDS** and **Bugs Bunny Boomtown**. These colorful, imaginative new sections will feature 14 rides and attractions, including six brand-new themed attractions. These kid-friendly zones are destined to become the region's most popular family destination spot and the perfect launching pad for thrill-seekers-in-training.
- [Six Flags Hurricane Harbor Oaxtepec](#), Latin America's most thrilling waterpark, will introduce a visually stunning and intense racing slide, **King Cobra**. The slide's unique configuration enables two tubes to race through a circular path with dynamic twists, turns and surprises, snaking through both enclosed and open sections of the slide. Riders will race until the heart-pounding finish, when they appear to disappear inside the massive mouth of the cobra.
- [Six Flags Over Texas](#), the Thrill Capital of Texas, will welcome the world's largest loop coaster — **Lone Star Revolution**. Towering at 100 feet in the air, this exhilarating, record-breaking new coaster takes riders forward and backward on a gigantic loop before suspending them upside down for extended adrenaline-pumping hang-time. Thrill-seekers will travel in unique "face-off" seating positions and swing through a long series of 360-degree revolutions before reeling downward in the opposite direction. **Lone Star Revolution** is a Texas-sized loop coaster with Texas-sized thrills.
- [Six Flags New England](#), the Thrill Capital of New England, will debut the hi-tech **Cyborg** attraction, inspired by the DC Super Hero. The **Cyborg** attraction is an extreme new dark ride experience. Cyborg invites guests to S.T.A.R. Labs to witness a new technological device when the sentient cybernetic system called THE GRID hacks into the mainframe and takes control of the entire lab. Riders find themselves caught up in the battle, spinning and whirling mercilessly through the air, while Cyborg wrestles to regain control of the enormous machine. This exciting, new attraction offers 360 degrees of immersive fun.
- [Six Flags Great Escape Resort](#), New York's most thrilling resort property, will rebrand its outdoor waterpark as **Hurricane Harbor** for the 2019 season, offering guests a *bigger, better and wetter* experience. The park will undergo a major expansion with more to see and do than ever before, including two brand-new, family attractions: **Bucket Blasters**, where riders will spin around in barrels for a good old-fashioned water gun battle, and **Shipwreck Cove**, a fun activity pool with interactive water sprays, geysers, and fountains for hours of water play entertainment.
- [Frontier City](#), Oklahoma's favorite theme park, will introduce an exciting, interactive new kids' area that will be home to adorable new characters. The all-new **Timber Town** will feature four new, innovative attractions designed especially for the young thrill-seekers,

plus enchanting new theming and fresh, re-imagined updates of the original children's rides. Lovable characters like Bucky the Beaver, Hootie the Owl and Bubba the Bear will be on hand for lots of pictures with young guests.

- [Six Flags Over Georgia](#), the Thrill Capital of the South, will launch an exciting, new high-flying attraction, **Pandemonium**, the tallest swinging pendulum ride in the Southeast. Swirling through the clouds at an astonishing 15 stories, this impressive giant disk will reach speeds up to 70 miles per hour, as it whips back and forth, higher and higher, giving guests an exhilarating ride experience as they soar high above the Atlanta city skyline. **Pandemonium** will be the centerpiece of the park's new ScreamPunk themed area, featuring revamped food locations and shopping experiences. ScreamPunk is a special Six Flags twist on the popular Steampunk subgenre.
- [La Ronde](#), Quebec's leading destination for thrills and family entertainment, will introduce **Chaos**, a new giant loop roller coaster. **Chaos** offers a pure adrenaline rush as riders go forward, backward and upside down for unprecedented hang-time. This exhilarating, seven-story loop sends riders through a series of multiple, adrenaline-charged revolutions, higher and higher before changing directions for even more chaotic thrills.
- [Six Flags St. Louis](#), The Coaster Capital of Missouri, will take guests on an adrenaline-charged flight on the new **SUPERGIRL** attraction as they soar nearly seven stories high in open-air vehicles. Drawing on DC Super Hero Supergirl's powers of stamina and strength, thrill-seekers spin and tilt while suspended from the massive, whirling wheel. The ride is raised into the air by a giant arm as riders launch into a high-speed spin, with feet dangling as they spin round and round...higher and higher.
- This fall, Six Flags delivers the biggest Halloween event on the planet — **Fright Fest**[®]. Prepare for *Thrills by Day, Fright by Night* with more ghouls, more haunted mazes and more terrifying scares than ever before.
